

Dear Exhibitors,

**New Dates of Beijing InfoComm China 2020: 28-30 September 2020**

In February, we announced the postponement of Beijing InfoComm China 2020 due to the ongoing COVID-19 situation. We are pleased to confirm that the 3-day event is now set to run from **28-30 September 2020 at the China National Convention Center (CNCC)**.

We would like to thank all of you for your patience in giving us time to secure alternative dates, and we are grateful for your continued support and solidarity during this difficult time. In the months leading up to Beijing InfoComm China 2020, our team will work hard to deliver a show that will help in the rebound of the China market.

As the 2020 show is taking place in the later part of the year, we will schedule the 2021 show to **21 – 23 July 2021** to maintain a reasonable time frame between the two events so that you have sufficient time to prepare for the launch of new products and technologies in the following year.

We will look forward to working with all of you towards a successful Beijing InfoComm China 2020.

See you in September!
